

Becoming part of the **Stanford Doerr School of Sustainability** in Fall 2022

**!** **COVID-19 Info for Stanford Earth** >

**X**

## W What is Sustainability?

Meeting the needs of people now and in the future; and sustaining the life support systems of the planet.

## Change Leadership for Sustainability Program

Check out our coterminal Sustainability Science and Practice MS/MA program to prepare Stanford students for leadership in sustainability, as well our executive education for working professionals.

## A conversation on sustainability

with environmental scientist Pamela Matson.

## A sampling of courses about sustainability

Classes cut across subjects from human dimensions in adopting sustainability to agriculture, freshwater resources, sustainable energy resources, and more.

## **Intro to Earth Systems**

## **Climate and Society**

## **Control of Nature**

## **The Global Warming Paradox**

## **Pursuing Sustainability: Managing Complex Systems**

## **Biology and Global Change**

## **Energy and the Environment**

## **Fundamentals of Renewable Power**

**Sustainable Energy for Nine Billion**

**Feeding Nine Billion**

**Sustainable Agriculture**

**The Water Course**

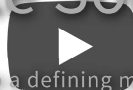

## Human Society and Environmental Change

## Ecology and History of Jasper Ridge

## Case Studies in Leading Change for Sustainability

## Art and Science of Decision Making

## Climate Solutions

Climate change has brought us to a defining moment in human history. Stanford faculty describe how they are looking at the problem from multiple angles to limit impacts of climate change and adapt where we must.

## Interdisciplinary resources at Stanford

We partner on research and programs with the Stanford Woods Institute for the Environment, the Precourt Institute for Energy, the Center on Food Security and the Environment, and other centers across campus.

**Woods Institute for the Environment**

**Precourt Institute for Energy**

**Center on Food Security and the Environment**

## O'Donohue Family Stanford Educational Farm

Hands-on courses, research and other learning experiences take place every day at our farm.

# Sustainability at Stanford

See how we "walk the talk" on campus through operations, research, employee programs, and student activities.

## HARD EARTH SPEAKER SERIES
